At this time on Earth there are great changes taking place. Transformation is happening in every aspect of our lives. This brings up feelings of fear and doubt to be released as we heal. Behaviours, patterns and practices that are no longer serving us at the highest levels are also coming to light. Our aim at Pathway teaching is to guide you through these feelings working with spirit to heal you and empower you to walk your own path. Paul shares his practical experiences with you from over 20 years of working in the field and is supported by Melanie who initiates and teaches Reiki, Seichim/SKHM/ All Love and the Munay Ki rites. All our work is directed by spirit so be prepared for surprises!

Healing days:

Come along for a day to heal and nurture the soul as part of a group. We gather together with the intention of personal healing and the healing of others in the support of a healing circle. This makes the healing more powerful as it is supported by a community. We invite spirit and the ancestors to come in and assist us with guidance and healing. Ancestral healing can also take place. Please contact us if you would like us to come to your area any where in Ireland/Northern Ireland to do one of these days for your community. We need at least 8 people.
Cost: €50 per person (organisers free)

Shamanic training:

Shamanism is one of the oldest forms of medicine on the Earth. It is over 50,000 years old and is common to all native traditions around the world. There are three levels of shamanic training given that will take you on a journey into the deepest parts of your soul.

Introduction to shamanism/shamanic healing course:

This is two days in length and covers the basic essentials of shamanism including using shamanic tools, journeying to meet your power animal and spirit guide and spirit boat healing for example. This course will help you to remember what you already know deep within you. It will help you to have a greater connection to Mother Earth and the spirit helpers around you. These courses are a prerequisite for the shamanic practitioners course.

Cost: €200

Shamanic practitioners course:

This course will explore an in depth journey around the medicine wheel thus finding out more about ourselves and who we really are. As we journey through the directions, North, South, East and West in greater detail we will shed the skin of our mental, emotional, spiritual and physical baggage that does not serve our highest good. In doing this together, as we transform from the caterpillar to the butterfly, we will learn and remember techniques in healing from the oldest traditions on earth. This course takes place over 7 weekends and is run each year. Please contact us for details.

Advanced shamanic training course:

This course follows the shamanic practitioners course giving you direct practical experience to empower you to do shamanic healing work on people, houses and land. It takes place over 4 weekends and runs annually.
